

Ventura County Preschool Developmental Screenings Process and Intervention Timeline

The parent consent form for the ASQ-3 and the ASQ-SE will be provided after the student is enrolled into the program. The consent form will include an option to decline. If the parent declines neither Ages and Stages Questionnaire will be administered. If the parent gives consent the ASQ-3 and the ASQ-SE (the SE will be as needed), will be completed by the parent (or primary caregiver) within 75 days of enrollment. Parents will be notified of **all** results.

Ventura County Preschool Developmental Screenings Process and Intervention Timeline

The parent consent form for the ASQ-3 and the ASQ-SE will be provided after the student is enrolled into the program. The consent form will include an option to decline. If the parent declines neither Ages and Stages Questionnaire will be administered. If the parent gives consent the ASQ-3 and the ASQ-SE (the SE will be as needed), will be completed by the parent (or primary caregiver) within 75 days of enrollment. Parents will be notified of **all** results.

ASQ Follow-up Considerations

- Opportunity to participate in early learning program
- Health/biological factors (i.e. allergies, asthma, diabetes)
- Environmental/cultural factors
- Dual Language Learner
- Concerns in multiple domains may result in multiple referrals
- Referrals will be made with the cooperation of Site Supervisors and Parents

Intervention Toolkit (Activities and Resources)

- ASQ Intervention Activities
- HELP at Home 0-3
- HELP 3-6 Activities at Home
- Teaching Pyramid Strategies Curriculum
- A&S Learning Activities ASQ-SE
- Activities and Development Guide

Major Developmental Delays (make an immediate referral)

Birth - 3rd birthday refer to Early Start
3-5 years refer to the school district

- Medical diagnosis or significant developmental disability
- Physical mobility limitations to access campus, classroom, and/or activities
- Confirmed diagnosis of vision/hearing impairment from physician/audiologist
- Minimal to no verbal communication in home language and English
