

# Ventura County Preschool Developmental Screenings Process and Intervention Timeline Flowchart

6/7/14

The parent consent form for the ASQ-3 and the ASQ-SE will be provided after the student is enrolled into the program. The consent form will include an option to decline. If the parent declines, neither Ages questionnaire will be administered. If the parent gives consent the ASQ-3 and the ASQ-SE (the SE will be as needed), will be completed by the parent (or primary caregiver) within 75 days of enrollment. Parents will be notified of all results.

ASQ Indicates Concern from Family Report

NO

Yes

Concerns Not Major

Major Developmental Concerns Or parent request for immediate referral

Serve child in school. Teacher observes/monitors area of parents' concern allowing for acclimation/transition to preschool setting. Consider previous parent concerns, teacher observations, DRDP results (if available). Provide follow-up per Intervention Timeline Guide.

Ventura County Preschool Developmental Screenings Process and Intervention Timeline

Results to Preschool Program. Request for consent to administer ASQ-3 and ASQ-SE. The parent will be given a permission slip with the option to decline. If the parent declines the ASQ will not be administered. If the parent gives consent the ASQ-3 will be completed by the parent/caregiver within 75 days of enrollment. Parents will be notified of all results.
